

FIXED ASSET ACCOUNTING

In this accounting seminar you'll learn to maximize your bottom line by discovering everything you need to know about your company's fixed assets.

Seminar #1224

Overview

Maximize your assets and protect your organization's investments with fixed asset accounting skills! In this timely seminar you will learn to maximize your bottom line by discovering everything you need to know about your company's assets: what assets you have and where they are located...how to make sure they are fully utilized...how to reap the maximum tax benefits...and how to accurately assess their current value in today's economy.
