

THE CONTROLLER'S JOB IN TODAY'S ENVIRONMENT

Volatile times require corporate controllers to contribute far more to their company's financial policy. Here's how to do it.

Seminar #1206

Overview

Corporate controllers rise to the top based on their accounting skills, hard work and ability to deliver fast, accurate answers. But once you've joined the ranks of corporate controllers, the questions are a lot different ...and a whole lot tougher!

To succeed, you must master the technical, accounting, automation and management skills that are the hallmarks of all successful corporate controllers. This seminar will give you the tools you need to plan, organize and carry out your work more efficiently.

Schedule

Registering more than 4 people, please call 1-877-566-9441.

How You Will Benefit

- Predict the needs and questions of corporate decision makers
- Overcome obstacles to accurate reporting and successful presentations
- Go beyond reporting numbers ...to predict the flows, trends and cycles of business
- Manage the people who report to you for effectiveness
- Identify your department's successes so they can be recognized by upper management

What You Will Cover

- Corporate controllers' functions, organizational relationships and role in management
- Developing effective long-range plans
- Techniques for cash forecasting ...controlling and administering operating budgets
- Setting up an effective reporting system

Who Should Attend

Newly appointed corporate controllers, division and plant controllers, assistant controllers and their staffs.
Note: You'll need a calculator for this seminar.
